LEARNING SUPPORT UNIT

Students from low income families

Special help in the form of the Students' Assistance Fund is given to less well off families and those with no tradition of third level study or those from areas of high unemployment. Application forms are available from the Learning Support office (Room 3456) and a short interview will be necessary to ascertain each individual's eligibility. The fund can cover expenses such as books, rent, heat/light, food, travel, medical expenses and bereavement. Students need to provide expense receipts to the value of any allocation from the fund. Tuition fees and repayments are not eligible for support.
