Apple iPod Hi-Fi € 309

Goodbye, big stereo. Hello, iPod Hi-Fi, a beautiful, compact sound system with an integrated Universal Dock for iPod that fills the room with rich, audiophile-quality sound. It's the home stereo -- reinvented.

iWork '06 includes Pages 2, a powerful word processor that's perfect for everything from letters to newsletters to brochures, and Keynote 3, the next-generation presentation software for building cinema-quality slideshows, photography portfolios, animated storyboards and more with ease and elegance.

AirPort Express with AirTunes is an incredible wireless product that allows you to play iTunes music over your wireless network to your home stereo or powered speakers. It also allows you to share both a broadband Internet connection for up to 10 users and a USB printer.
