**LEVEL 7 SPECIAL PURPOSE AWARD (30 CREDITS)**

Department of Business Studies

# PROGRAMME OVERVIEW

This Level 7 Certificate in Management and Leadership has been designed to equip participants with the core knowledge, skills and competencies to develop as a manager and leader. It aims to support those in a supervisory or management role who may be experts in their field (e.g. retail, manufacturing, science, engineering, ICT etc), but have no prior exposure to management and leadership teachings.

This one-year part-time programme has been developed in collaboration with key employers both in the region and nationally. It will provide a practical learning experience to managers and those tasked with managing people. Participants will be provided with the foundation for examining and developing their own individual leadership style.

## COURSE STRUCTURE

This course will commence on the 25<sup>th</sup> of January, classes will be delivered on a Tuesday evening 6-9pm.

- **Management:** This module will provide learners with a basic understanding of the key functions of modern managers and a basic understanding of the key skills required by modern managers.
- **Leadership:** The aim of this module is to develop learner's leadership skills and competencies required to be a more impactful leader in their organisation.
- **Applied Learning – Work Based Learning:** The Work Based Learning module provides an experiential learning context which consolidates programme learning outcomes and integrates the programme modules.

## KEY FEATURES:
