Letterkenny Institute of Technology, Galway-Mayo Institute of Technology and Institute of Technology Sligo are working together as a consortium, currently known as the CUA, to create a Technological University for the West/North-West of Ireland.

### What will this mean for students?

Students of the new Technological University will have:

- A qualification which combines the best of both worlds – a University qualification with a technological focus.
- A broader range of courses, offering wider choice, greater emphasis on entrepreneurship, and more postgraduate opportunities.
- An improved student experience – easier access to courses through flexible delivery

options, a stronger international focus and improved educational facilities.

- Enhanced career opportunities – more education/employment partnerships with businesses, more work placement opportunities and an enhanced business environment in the region.

Whether it's sport, culture or advocacy, there's a richness and diversity to life at LYIT that extends far beyond the classroom walls. With dozens of active and passionate campus organisations, there's always something to excite your passion and allow you to become actively involved in student life. Learning teamwork, enjoying a great social life, developing as a person, striving for success outside the lecture theatre, learning about how the world works – all these are very important ways to enrich your student experience. That's why we encourage our students to get involved in sport, clubs, societies, intervarsity competitions and student politics. When you take part in something enjoyable, stimulating and challenging, you discover talents you never knew you had and make great life-long friends in the process – all impressive qualities that employers look for in well-rounded people.

During Freshers' Week you can join as many clubs as you like, free-of-charge. Here's a small sample of some of the clubs:

- Watersports: Canoe Club
- Culture: International Society

# ACCOMMODATION & STUDENT LIFE

## Lóistín & Saol Mac Léinn

Donegal is one of the most affordable regions to live in, work in and travel around. The cost of living is considerably lower than the national average and the region offers a good variety of affordable student accommodation.

Letterkenny and Killybegs have a good variety of inexpensive accommodation close to campus, so you can enjoy the buzz of student life without breaking the bank. There is no on-campus accommodation but finding pleasant and affordable student accommodation is not an issue in Letterkenny or Killybegs. There are options for digs, houses to rent on a shared basis, and in Letterkenny there are also apartments specifically built for the student market. Both campuses are quite central and there is plenty of accommodation within 10 minutes' walk of each of the campuses.

The rates below are sample weekly rates (Summer 2019):

- Apartments: approx. €55 – €65 rent per person sharing. (Heating, electricity, etc. extra.)
- House (4-bed semi, 6 sharing): approx. €40 – €50 rent each. (Heating, electricity, etc. extra.)
- Digs – 5 days (Monday to Friday – depart each Friday) €100 per week which includes meals, light, heat and often Wi-Fi

Each year, the Students' Union (SU) compiles and updates a list of Letterkenny accommodation. Each landlord included on this list has complied fully with the standards set by the SU for accommodation and is registered with the Residencies Tenancies Board (RTB). The list is sent out automatically to students who receive an offer from LYIT and is also available online from August of each year.

# RACHEL GRAHAM

It pays to choose LYIT: Affordable student accommodation & an amazing course

Rachel Graham is a second year Dental Nursing student who comes all the way to LYIT from Newbridge, Co. Kildare. When completing her CAO application, she chose LYIT in her programme options and was excited when she received her CAO offer. Now finished her second year in Dental Nursing at LYIT, Rachel lived in purpose-built student accommodation in first year and would recommend this for incoming first year students. "When I came to LYIT I didn't know anyone and living in student accommodation in Ballyraine Halls allowed me to meet new people, and eased me into college life. Letterkenny is so affordable, student accommodation in Dublin and Galway is very expensive, and when deciding where to go I found that Letterkenny offered affordable and good student accommodation and, as it turns out, a fantastic student experience! I really enjoyed my two years at LYIT and found the student experience fun. Letterkenny is a great place to live and to study in and the nightlife is pretty good too! My second year work placement was in Donegal and I'm

really happy here. I would recommend LYIT to anyone, the campus is friendly, the town is fun and accommodation is very affordable!"

'I would recommend LYIT to anyone, the campus is friendly, the town is fun and accommodation is very affordable!'
