- Bioscience
- Food Science and Nutrition
- Pharmaceutical and Medicinal Science
- Veterinary Nursing
- Dental Nursing
- Pharmacy Technician
- Health Science with Physiotherapy Studies
- Health Science with Dietetics Studies
- Health Science with Occupational Therapy Studies

Welcome

Welcome to Lyit. We are delighted you have chosen to study in the Department of Science.

We have a number of events planned over the first week as part of our Induction Programme to introduce you to Lyit, the staff and your fellow students.

It is essential you attend all the activities timetabled here to ensure you don't miss out on any important information that will make life easier, not just this week but in the weeks, months and years ahead.

Induction is a period of time to allow you and your fellow classmates to get to know each other, find your way around, meet the lecturers and support staff and learn about the facilities and services you can avail of during your time here. You will be shown how to access the library and computers, including the on-line learning resource.

Registration

Please check the Lyit website for details of the registration time for your programme. During registration you will have your photograph taken and student card issued, you will also receive your Lyit login details and password.

Before registration you must complete the Higher Education Authority (HEA) survey which will take place in Rooms 2401/2402/2403 (on the second floor of the main building).

Following registration please go to Room 2300/2301 (on the second floor of the main building) to complete the Quicksan assessment.

Department of Science Introduction

Congratulations on accepting the offer of a course of study in the Department of Science at Lyit.

Now is a brilliant time to be taking a course in science and science related areas. A recent national report indicated that the demand for those with science skills is expected to remain high within Pharmaceutical, Biopharmaceutical, Agriculture, Food and healthcare sectors. You will develop skills during your time here that will leave you well placed to take up future employment opportunities.

This week begins a journey of exciting possibilities. You will meet our staff and begin to get an insight into your chosen field of study. There will be time for fun and most importantly, you will meet your fellow students, who like you have chosen to study here. Among this group of strangers will be your best friends. You haven't met them yet, but you will.

Welcome to the Department of Science, on behalf of all the staff we hope you enjoy your time with us, realise your potential and find a rewarding career in the years ahead.
