

President’s Research Bursaries 2021/22

Supervisor Profile	
Name	Dr Kevin Meehan
Phone Number	+353 (0)74 918 6512
Email	kevin.meehan@lyit.ie
Current Research Interests	Kevin’s research interests include the areas of computer vision, machine learning, location tracking, recommender systems, context-aware systems and ubiquitous / pervasive computing. His PhD Research combined context data and intelligent techniques to provide a more intelligent recommendation in a mobile tourism application.
Career Profile (Education and Employment)	Kevin has 8 years’ experience teaching at Further and Higher Education Level. The areas in which he has taught include Machine Learning, Computer Vision, Natural Language Processing, Software Development, Mobile Application Development, Object Oriented Programming, Database Design and Systems Analysis & Design. Kevin has also supervised various undergraduate and postgraduate projects in the areas of Machine Learning, Computer Vision, Data Analysis and Mobile App Development. Kevin has worked with over 30 small and medium enterprises in new product development projects from idea and concept generation, through to software design, development and testing. These projects range from short 30-hour projects to longer projects such as InterTradeIreland’s Innovation Boost projects and InnovateUK’s Knowledge Transfer Partnership (KTP). These projects are completed over an 18-24 month period.
Key Achievements	Kevin graduated from the Ulster University with a BSc Hons in Computer Science and a PhD in Computer Science. The PhD was funded through the Department of the Economy (Northern Ireland). He also holds PGCE in Further and Higher Education.
