Finding your way about the main building

All rooms are numbered according to floor; all rooms on the ground floor start with one, the second floor with 2 and the third floor with 3. You will find that most of your classes take place to the west of the building, where you will find the Engineering Office (2223) on the first floor and the engineering laboratories' corridor on the ground floor.

Induction gives you an opportunity to get to meet other students in your class and department as well as gaining insight into your chosen field of study. Aspects of all the disciplines in the department will be covered.
